

TRU GRIT AC Brake Cleaner

Description

TRU GRIT AC-27 is a highly effective, solvent based liquid that has been specifically designed for cleaning brake and clutch parts. It has been laboratory formulated from fast drying solvents that evaporate quickly leaving parts ready for immediate re-assembly.

TRU GRIT AC-27 is non residual ensuring that further cleaning is not required. TRU GRIT AC-27 has no deleterious effects on rubber used in brake systems (unlike many other more crude solvents) and has been lab tested to meet strict standards of performance. This product is used in a variety of other critical industrial applications such as aviation and defence.

TRU GRIT AC-27 is suitable for drum and disk brakes. Best results are achieved using spray applicators. TRU GRIT AC-27 1L pump up sprays manufactured in Germany are recommended for this application. The product is highly flammable and should be used with care. It is important that the Product MSDS is referred to prior to using.

Typical Physical Characteristics

Appearance: Clear Liquid
Odour: Slightly sweet solvent odour
Flammable: Highly flammable
Solubility: Slightly soluble in water
Flash Point: < 0°C
ADG Code: Class 3 flammable (Packing Group II)
Specific Gravity: 0.67

Specifications

TRU GRIT AC-27 is a laboratory formulated brake and parts cleaners with highly effective cleaning and drying properties.

Typical Product Codes/ Quantities

A/TRU GRIT AC-27/4 pallet)	4L Metal Can (Carton of 4)	(48 Cartons per
A/TRU GRIT AC-27/5 pallet)	5L Metal Can (Carton of 4)	(48 Cartons per
A/TRU GRIT AC-27/20 pallet)	20L Metal Can	(48 Cans per
A/TRU GRIT AC-27/200 pallet)	200L Metal Drum	(4 drums per
