

Tru Grit SX Max Race 25w60

Description

SX Max Race Series Motor Oils are true top performance competition motor oils formulated to give optimum lubrication to engines subjected to the most severe operating conditions on road, track or water.

Applications

SX Max Race Series oils are beneficial in engines with low oil pressure and/or high oil consumption. They are also suitable for engines operating in high ambient temperatures, giving a significant improvement in oil pressure at hot idle. The characteristics of these oils are ideally suited for the big V twin motor cycle such as the Harley Davidson.

Specifications

Meets or exceeds the following specifications: API SJ/CF

Typical Physical Characteristics

Property	Typical Value
Density, kg/L	0.8890
Colour	3.0
Kinematic Viscosity @ 40C, cSt	200
Kinematic Viscosity @100C, cSt	24.0
Viscosity Index	135
TBN, mg KOH/g	6.4
Zinc, %wt	0.092

NOTE: Values stated herein are typical and do not represent a specification.
